01 / THE SMTHG CONCEPT

One concept. Three layers.

Each layer grows the next.

01
A new sales channel

02
A community driven by creators and members

03
Brands that grow together

01 / THE SMTHG CONCEPT · 01

A new channel for your sales.

It starts with a drop.

—Limited drops, available for a limited time.

—We take care of the creators. You don’t need to think about it.

—Add your regular collection when you are ready.

01 / THE SMTHG CONCEPT · 03

Brands that grow together.

Cross-pollination between labels of a similar style.

—Labels with a similar style share their audiences.

—Shoppers who love one label discover the next.

—Their buyers discover you. Your buyers discover them.

02 / THE PROBLEM SMTHG SOLVES FOR BRANDS

Great labels stay unseen.

Being found is the hardest part.

5.5%* reach per post, as a share of followers

1.3%** of store visitors buy

Alone no shared audience, no community

02 / THE PROBLEM SMTHG SOLVES FOR BRANDS

Old-fashioned marketplaces don’t fix it.

A listing alone does not get you found.

—Shoppers search a catalogue. Nobody introduces your label.

—Getting seen takes heavy marketing investment.

—The marketplace itself needs samples.

03 / WORKING TOGETHER

How a drop works.

You make it. smthg sells it.

—You set the drop window and the quantities.

—Creators and the community build demand.

—smthg takes payment and handles tax.

—When orders close, you ship to each buyer and handle returns.

Then add your regular collection.

03 / WORKING TOGETHER

30%. Only when you sell.

Creators, marketing, payments and platform, all in.

~~$500/mo~~ ~~$250/mo~~ **Free for brands that join now.**

03 / WORKING TOGETHER

Your designs stay yours.

From the smthg Designer Terms.

—You keep all intellectual property.

—You set your own prices.

—Set up your Brand Space in your own style, to show who you are.
